Journal of Hydrology, 145 (1993) 479–480
Elsevier Science Publishers B.V., Amsterdam

Contents of Volume 145

Vol. 145 Nos. 1–2 — 1 May 1993

Research Papers

Long- and short-term transience in a groundwater/lake system in Wisconsin, USA
M.P. Anderson and X. Cheng 1

Predictive modelling of management options for the control of dryland salinity in a first-order catchment in the wheatbelt of Western Australia
R.B. Salama, D. Laslett and P. Farrington 19

Salinity trends in the wheatbelt of Western Australia: results of water and salt balance studies from Cuballing catchment
R.B. Salama, P. Farrington, G.A. Bartle and G.D. Watson 41

The description of soil erosion through a kinematic wave model
A. Laguna and J.V. Giráldez 65

Field-scale transport from a buried line source in variably saturated soil
G.V. Wilson, P.M. Jardine, J.D. O'Dell and M. Collineau 83

Thermal aquifers in Romania
Al. Gheorghe and P. Crăciun 111

Application of a simple model for assessment of underground radionuclide migration. Part I. Validity of first-order kinetic model approximation
Y. Fujikawa and M. Fukui 125

Application of a simple model for assessment of underground radionuclide migration. Part II. Assessment in rock-fracture systems
Y. Fujikawa and M. Fukui 147

Optimum conditions for evaporation control by monolayers
G.T. Barnes 165

The causes of stemflow variation in three semi-arid growing species of northeastern Mexico
J. Návar 175

On the transposition of areal reduction factors for rainfall frequency estimation
A.S. Omolayo 191

Book Reviews

Isotopes of Noble Gases as Tracers in Environmental Studies. Proceedings of a Consultants Meeting, IAEA Vienna, May 1989, by IAEA — D.B. Smith 207

Lowland Floodplain Rivers — Geomorphological Perspectives, by P.A. Carling and G.E. Petts (Editors) — J.M. Hooke 208

Decision Support Systems: Water Resources Planning, by D.P. Loucks and J.R. da Costa (Editors) — E. Custodio 211

Vol. 145 Nos. 3–4 — 15 May 1993

Special Issue: The Balquhidder Catchment and Process Studies

Foreword 215

Experimental basin studies — an international and historical perspective of forest impacts
P.G. Whitehead and M. Robinson 217

An introduction to the research in the Balquhidder experimental catchments
R.C. Johnson and P.G. Whitehead 231

The water balance of the Balquhidder catchments
J.R. Blackie 239
The analysis of remotely sensed images of the Balquhidder catchments for estimation percentages of land cover types
G. Roberts, M. France, R.C. Johnson and J.T. Law 259
Evaporation from natural mountain grassland
I.R. Wright and R.J. Harding 267
The water use of the Balquhidder catchments: a processes approach
R.L. Hall and R.J. Harding 285
Land-use changes in the Balquhidder catchments simulated by a daily streamflow model
C.W.O. Eeles and J.R. Blackie 315
An assessment of the dynamic response characteristics of streamflow in the Balquhidder catchments
A.J. Jakeman, I.G. Littlewood and P.G. Whitehead 337
An application of a physically based semi-distributed model to the Balquhidder catchments
A.J. Robson, P.G. Whitehead and R.C. Johnson 357
Climatic variability within the Balquhidder catchments and its effect on Penman potential evaporation
J.R. Blackie and T.K.M. Simpson 371
Impact of land-use change on water resources: Balquhidder catchments
A. Gustard and A.J. Wesselink 389
Effects of forestry on suspended solids and bedload yields in the Balquhidder catchments
R.C. Johnson 403
A comparison of above-ground component weights and element amounts in four forest species at Kirkton Glen
J.D. Miller, J.M. Cooper and H.G. Miller 419
Some effects of 50 years of afforestation on soils in the Kirkton Glen, Balquhidder
H.A. Anderson, J.D. Miller, J.H. Gauld, A. Hepburn and M. Stewart 439
Potential impacts of afforestation and climate change on the stream water chemistry of the Monachyle catchment
R.C. Ferrier, P.G. Whitehead and J.D. Miller 453
The Balquhidder catchment water balance and process experiment results in context — what do they reveal?
I.R. Calder 467
